

MEET OUR PHOTOGRAPHY COMPETITION JUDGES - 2023

Barry Ryziuk

Barry has been involved with photography for many years from film and darkroom work to digital and Lightroom work. Always on the lookout for the small details rather than a large panorama is what drives him. Photography is really 3 hobbies in one for Barry, making the actual image in camera, editing the photo in software and finally printing. Each requires its own skill set and each is equally enjoyable.

Gordon Michon

Gordon has had an abiding interest in photography since his teenage years. On his daily walks he is never without his camera. A frequent location of interest for Gordon is the St Albert Botanic Garden where he can often be seen capturing the beauty of the floral displays throughout the growing season. He always looks forward to the arrival of spring and the emergence of new life after a long winter so that he can create images of nature's beauty in all of its diversity.

Bill Jacobson

Bill is an Electronics Engineer who spent most of his professional life in Silicon Valley. As such, He is well versed in the technical aspects of photography; starting with early dark room work on Cibachrome prints, then graduating to digital mirrorless and medium format cameras. Bill enjoys the freedom that photography encourages for exploration of ideas, travel to new locations and personal fulfillment. Some of Bill's work can be found at <https://1billj1.smugmug.com/>
